Mail National Ballots by March 15

The last day to mail your chapter's ballots for Psi Chi's National Officers is **March 15, 2006**. Do NOT mail it to the National Office; instead, use the postage-paid envelope (addressed to the CPA firm of Rubino & McGeehin) that was enclosed with the ballot mailing. Voting is one of the criteria used for several Psi Chi Chapter Awards and is also important in determining the future direction of Psi Chi.

Spring 2006 Eye Online

Articles from the most recent issue of *Eye on Psi Chi* are now featured online. Articles include racism in everyday life, female physical attractiveness, graduate admissions, an interview with Donald Asher, and a new "interdisciplinary" area. All articles are also categorized by subject.

Tips for Convention Presentations

Many Psi Chi members are now preparing to present research at a regional, local, or national research conference. Psi Chi has prepared an online guide for first-time presenters (or veterans!). Tips for both poster and paper presentations, sample poster layouts, and more can be found here:

Convention Programs Posted

Psi Chi programming for all six regional conventions and the APS and APA national conventions have been posted online. View these programs and learn about other student, international, and other conventions here:
