TWO TIMELY BROCHURES FROM PSYSR

Psychologists for Social Responsibility (PsySR) has created two new brochures of potential interest to Psi Chi members; both can be downloaded at no charge from the PsySR website (<http://www.psysr.org>).

"Psychology for Social Change: Strategies That Work" (<http://www.psysr.org/change>) highlights the important role that psychology can play in addressing today's urgent social and environmental challenges.

"Careers for the Greater Good" (<http://www.psysr.org/careers>) helps students explore career choices that offer the opportunity for doing well by doing good.

PsySR is an independent non-profit organization of professionals and students that works to promote peace and social justice through the effective use of psychological knowledge and best practices.

This message is the 151st in a series of email news digests from the Psi Chi National Office. Psi Chi sends this digest to all chapters and those members who choose to subscribe. Chapter officers and advisors should share relevant news with your chapter's members.
